**AN ANALYSIS ON PROBLEMS AND PROSPECTS OF SPECIAL ECONOMIC
ZONES IN INDIA**

DR. MARIMUTHU M¹

¹Assistant Professor, Department of Economics, Central University of Tamil Nadu,
Thiruvarur.

Abstract

SEZ's must significantly improve the situation in the country and create an export competitive edge for global environment particularly in terms of net foreign exchange and employment opportunity. The growth of SEZ must not overshadow the agricultural activities. To be cost-effectively workable SEZ's has given permission in a land area greater than 1000 acres, which will help them in profits and self sustainability. The policy must be related tax norms, labour laws and Domestic Tariff Area will encourage Foreign Direct Investment into crucial industries which will lead to preferred growth.

Keywords: Economic Zones, Sustainable Development, FDI.
